WORK EXPERIENCE

Marketing and Communications Intern

Education Forward Arizona | Sept. 2025 – Dec. 2025

- Write, edit, and format newsletters, blog posts, promotional emails, and social media content supporting statewide education initiatives.
- Assist in drafting and scheduling recurring email communications, ensuring clarity, accessibility, and alignment with organizational messaging.
- Support website updates and digital content management to maintain accurate, timely program information.
- Collaborate with program staff to translate education policy updates and impact stories into clear, audience-centered content.
- Contribute to event communications, including scripts, graphics, and post-event storytelling for initiatives such as InspirED Evening.

Marketing Intern – Content and Visual Design

Modern Arizona, Phoenix, AZ | Dec. 2024 – Present

- Maintain and update website content (Squarespace) and digital materials to ensure consistency in brand voice and messaging.
- Draft and design newsletters and promotional materials for customer and community audiences.
- Capture and edit photography and short-form video to support digital storytelling and marketing campaigns.
- Contributed to a full brand refresh, including website redesign and development of cohesive visual standards across platforms.

Student Recruitment Assistant

Arizona State University, Tempe, AZ | Oct. 2024 – Sept. 2025

- Communicated with prospective students and families via email, phone, and in person, providing clear and supportive guidance.
- Maintained student records using Salesforce and managed communications through Google Workspace and Outlook.
- Assisted in recruitment event communications and logistics, supporting inclusive outreach efforts for diverse student populations.

Sushi Love

Lead Server, Avondale, AZ | July 2023 – Sept. 2024

- Delivered attentive, high-quality customer service in a fast-paced environment.
- Resolved guest concerns with professionalism and efficiency.
- Trained new staff members and supported team coordination during high-volume shifts.
